

“Promoting the Use of Filtering Software” Subsidy Programme 2008-09

Essential Points of the Workshop on Free Filtering Software

(e.g. Windows Live OneCare (<http://fss.live.com>))

I. Basic settings for the filtering software

1. How to set up an account for parents/managers
2. How to set up an account for children

II. Installation of the filtering software

1. Installation procedures
2. Steps to change the settings of the software

III. Function and usage

1. How to set up “content filtering” function
2. Allow/block specific websites
3. How to view and set up the “online activities report”
4. How to view “user requirements” (The software can restrict access to content that parents consider inappropriate for their children and record all the rejected requests for parents’ inspection.)
